SUMMARY

Aspiring software developer with strong foundations in C++ and full-stack development. Experienced in building scalable web applications and implementing efficient backend logic using REST APIs. Passionate about problem-solving and developing real-world software systems.

TECHNICAL SKILLS

Languages — C++, Java, Python, C, SQL

Core CS — Data Structures & Algorithms, OOP

Web — HTML, CSS, JavaScript, MERN Stack

Tools — Git, VS Code

PROJECTS

Vehicle Fleet Management System (Full Stack Web Application)

- Developed a web application to manage vehicle allocation, tracking, and status updates
- Implemented CRUD operations and backend logic for real-time vehicle workflows
- Added search and filtering features to improve data retrieval efficiency

OrderOnTheGo – Food Ordering Platform (MERN Stack)

- Built a full-stack food ordering system with user authentication and order management
- Developed REST APIs for handling user data and order processing
- Designed responsive UI and optimized backend for multi-user performance

Student Management System (C++)

- Developed a console-based system implementing CRUD operations using STL vectors
- Designed validation logic to prevent duplicate entries and ensure data integrity
- Integrated file handling for persistent storage across program executions

EDUCATION

B.Tech-Computer Science and Engineering, *Aditya College of Engineering and Technology*

2023 – 2027 | Surampalem

CGPA:8.12

INTERNSHIP EXPERIENCE

Full Stack Developer Intern – APSICHE SmartInternz (May 2025 – Jun 2025)

- Developed a MERN-based food ordering platform with end-to-end functionality
- Worked on frontend-backend integration and implemented REST APIs
- Gained hands-on experience in full-stack development workflows

CODING PROFILE

- Solved 70+ problems on HackerRank
- Strong in Arrays, Strings, and foundational Data Structures
- Continuously improving problem-solving skills through regular DSA practice
- Familiar with problem-solving patterns like sliding window and basic recursion

CERTIFICATES

- Python – Scaler Topics
- Java (Basic) – HackerRank
- SQL (Basic) – HackerRank

KEY STRENGTHS

- Strong problem-solving mindset
- Quick learner with adaptability to new technologies
- Ability to build and understand end-to-end systems

LANGUAGES

Telugu, Hindi, English
